Why payroll an employee through a Temporary Agency?

Companies sometimes come to Scientific Search and ask us to put an employee on our payroll instead of making them an employee of their company. Have you ever used a Temporary Agency to payroll a part-time employee, contractor, or other employee?

Click Here to see some reasons why it may be beneficial for you.

"We believe in paying our employees as much as they need. Since you'll be at your desk 90 hours a week, you don't need much."

A comment from a Recent Client Experience

I want to say thanks for your help on this, you have been very responsive and have been sending quality candidates. I have worked with a lot of agencies since I've been here and you all have done a very good job with quality candidates and speed of response, which are both super important, so thanks again!

- Adam, Talent Acquisition Manager
